

Scotland-Wide Free Bus Travel for Older and Disabled People

Remember you can only use your **most recently issued** National Entitlement Card on the bus

Any other cards will not work and you will not be allowed free bus travel

How can I check this?

The last two digits make up your Issue number

If you have more than one card, only the card with the highest Issue number will be valid for travel

For further information please see
www.transportscotland.gov.uk

If you are unsure which card to use, please contact your local authority or SPT by calling the number on the back of your card
