Dear House Owner / Tenant,

FORTH REPLACEMENT CROSSING – M9 JUNCTION 1A
RE: Work Activities Update – M9 Spur Gantries

SRB Civil Engineering, on behalf of Transport Scotland, has been appointed as the main contractor to undertake the upgrade works on the M9 Junction 1a.

Works will continue this week on the M9 Spur behind Buie Rigg. The works being carried out will involve piling and earthworks that are required for the installation of a new gantry.

The piling and earthworks at this location will take approximately two weeks and we anticipate that the works will be significantly less intensive than the sheet piling which we completed in this locality during January and early February.

Should you have any queries regarding any aspects of SRB operations, please contact either of the following :

SRB Engineer –	07715802591
FRC Helpline -	08000 786 910

Our primary approach to all works is to minimise the impact and disturbance to the local community. Through our previous experience of such works and given the proximity of the works to the surrounding community, we understand that locals can be affected. Therefore, we are keen to ensure that you are aware in advance of what is being undertaken and aware of the possible impacts that this may have on you.

We would welcome any input that you may have in order to further improve our approach and recommend that you contact your local community representative or our Community Liaison Officer, Elaine Barrie on 07720 947 977 if you would like to put forward any suggestions.

SRB Civil Engineering Limited

ROADBRIDGE
CIVIL ENGINEERING & BUILDING CONTRACTORS

We will endeavour to keep you informed of any works taking place in the vicinity of your neighbourhood during the contract period however should you have any queries or require any additional information in the meantime please don't hesitate to contact the Community Liaison Officer to discuss.

SRB Civil Engineering would like to take this opportunity to thank you and the local community for their continuing patience.

Yours faithfully,

(SRB Civil Engineering Ltd)
