

In December 2006 Draft Special Road Orders were published which show the proposed route for the scheme. Sections of the existing A90 and A96 trunk roads are to be detrunked and Draft Orders for this were also published. At the same time an Environmental Statement was published which described the Environmental Impact Assessment undertaken. These documents are provided as part of the statutory consultation process to enable the public to comment on or object to the scheme.

Copies of the Draft Road Orders and the Environmental Statement are available for public viewing at Aberdeen City Council and Aberdeenshire Council offices and local libraries. A list of locations where these documents may be viewed is available.

Draft Compulsory Purchase Orders for land and property which is needed for the road will be published in 2007 along with the remaining Draft Road Orders.

A separate leaflet titled 'Guide to Compulsory Purchase and the Statutory Process' is available at this exhibition and on the AWPR web site [www.awpr.co.uk](http://www.awpr.co.uk).
