Dear Neighbour,

We are writing to provide you with an update of planned overnight works on the Forth Replacement Crossing (FRC) **and to apologise for not already informing you about the last two nightshifts working between Ferrymuir Roundabout and Echline Roundabout on the B800.**

We will need to carry out two further nightshifts to see this phase of the works completed.

The current phase of works comprise surfacing of the existing B800 between the two roundabouts.

The plant to be used in these operations will be as follows:

Road paver, chipping machine, tipper lorries, vibrating rollers, mini excavators, dumpers and compressed air tools. Any cutting or breaking is generally done at the start of a nightshift.

We will start at 8pm tonight, 22<sup>nd</sup> September 2016, and the same time tomorrow night 23<sup>rd</sup> September 2016. We aim to finish by 2.30am the following morning in each case.

**The times indicated can be influenced by many factors and may change without warning near or during the time of execution. Also, the overall duration of each element may require to be extended in duration to achieve completion should unforeseen circumstances be encountered.**
