Dear Neighbour,

FCBC, the Principal Contractor working on the Forth Replacement Crossing on behalf of Transport Scotland is facilitating Scottish Water diversionary work on the B800 adjacent to Scotstoun from Monday 8th April 2013 to Thursday 11th April 2013 inclusive.

Scottish Water intends to complete their diversionary works involving Temporary Traffic Management adjacent to the B800 in this period. The works will be carried out during the day, off peak (9.30-3.30) and are expected to take 4 days to complete.

These dates may change if unforeseen conditions are encountered.

The works will involve the use of a floor saw, hydraulic breaker, excavators, dumpers, rollers, vibratory plates and lorries. The purpose of the works are to carry out footpath remedial works and a road crossing.

The works as described above are an essential part of the overall Forth Replacement Crossing project, which is necessary due to concerns over the long term viability of the existing road bridge. The new crossing will maintain a vital link in the east of Scotland road network which is key to the wider Scottish economy.

We would like to take this opportunity to apologise, in advance, for any inconvenience our activities may cause and also to thank you for your patience and consideration to date.

For up to date information on the project please see Transport Scotland's FRC project website www.forthreplacementcrossing.info.

Should you have any queries, please contact our email enquiries@forthreplacementcrossing.info or our Hotline on 0800 078 6910.

In addition, our temporary Contact and Education Centre, currently located in the Forth Road Bridge offices on the south side of the existing Forth Road Bridge is manned 09:00hrs to 17:30hrs, Monday to Friday, and Saturdays 10:00hrs to 16:00hrs to deal with enquiries and to supply information.

Issued to – Scotstoun residents in the vicinity of the works, QDCC and BRIGS.
Issue date –Saturday 6th April 2013.
