Dear Neighbour,

We are writing to provide you with an update of planned works on the Forth Replacement Crossing (FRC).

This flyer is a follow up to our issue of Flyer Ref F70 and subsequent flyers which described the phasing of the works at Standing Stone Road Underpass and Dalmeny rail overbridge. We are pleased to report the successful completion of the Phase 1 and Phase 2 of the works described therein.

We are now in Phase 3, Dalmeny Bridge Repair, which involves a mixture of nightshift and dayshift works, using breakers, throughout the week, but no weekends up to and including the weekend 1st/2nd August 2015.

Thereafter we will be working nightshift including weekends for between 4 and 8 weeks on Span 3 – East Coast Mainline. This could last through to mid September 2015.

Beyond that we will be progressing Phase 4 works as per our Flyer Ref F70. This will involve installing a new bus lane and new precast concrete parapet on both the Standing Stone and Dalmeny bridges. Phase 4 works will continue with a mixture of dayshift and nightshift works through the end of 2015.

Where possible when working nightshift on these works we will endeavour to complete the noisiest works before midnight on each night and work will start at the closest point to receptors early in the shift working away from receptors as the shift progresses. We will continue to use noise screens where appropriate.

The above is our best estimate, at this stage, of dates and durations. These works are subject to various factors and the programme may require to be adjusted. We will provide further updates as appropriate.

We would like to take this opportunity to thank you once again for your patience and consideration to date.

For up to date information on the project please see Transport Scotland's FRC project website www.forthreplacementcrossing.info. Should you have any queries, please contact our email enquiries@forthreplacementcrossing.info or our Hotline on 0800 078 6910.

In addition, our Contact and Education Centre, located adjacent to the Forth Road Bridge offices on the south side of the existing Forth Road Bridge, is

manned 09:00hrs to 17:00hrs Monday to Thursday, 09:00hrs to 16:00hrs on Fridays and 10:00hrs to 16:00hrs on Saturdays to deal with enquiries and to supply information. Additionally, access to the Exhibition room in the building is available between 10am and 4pm each Saturday through to the end of October 2015 and there are also technical presentations on the last Friday of every month in the same period, all as advertised on the Project Website.

Issued to – Residents in Dalmeny adjacent to the works.

Issue date –1st July 2015
