

Forth Crossing Bridge Constructors

HOCHTIEF Solutions
American Bridge International
DRAGADOS
Morrison Construction

Dear Neighbour,

FCBC, the contractor working on the Forth Replacement Crossing principal contract, hereby writes to inform you that British Telecom Diversionary Works are due, next week, to be carried out on the U221 commencing near the White Lodge and terminating 250 metres north of that point.

In order to ensure that we execute these works in “one visit” we have booked the closure of the U221 for a period of 3 days commencing on Monday 25th March 2013.

Alternative routing for diverted vehicles is attached.

We are very hopeful that the work can be completed well within the timescale stated.

The hours of work shall be carried out between 08:00 hours and 19:00 hours on a daily basis.

The plant involved shall include an excavator, road wagon, pick-up truck, vans, and small tools powered by both generator and compressed air where required.

The works as described above are an essential part of the overall Forth Replacement Crossing project, which is necessary due to concerns over the long term viability of the existing road bridge. The new crossing will maintain a vital link in the east of Scotland road network which is key to the wider Scottish economy.

We would like to take this opportunity to apologise, in advance, for any inconvenience our activities may cause and also to thank you for your patience and consideration to date.

For up to date information on the project please see Transport Scotland’s FRC project website www.forthreplacementcrossing.info.

Should you have any queries, please contact our email

enquiries@forthreplacementcrossing.info or our Hotline on 0800 078 6910.

In addition, our temporary Contact and Education Centre, currently located in the Forth Road Bridge offices on the south side of the existing Forth Road Bridge is manned 09:00hrs to 17:30hrs, Monday to Friday, and Saturdays 10:00hrs to 16:00hrs to deal with enquiries and to supply information.

Issued to – Residents in the vicinity of the works. QDCC and BRIGS

Issue date –Thursday 21st March 2013.
