SCOTTISH MINISTERS' REQUIREMENTS

SCHEDULE 8 PART 4

TRAFFIC COUNTING DUTIES

1 TRAFFIC COUNTING DUTIES

1.1 Introduction

1.1.1 The Operating Company shall undertake those duties required in accordance with the requirements of paragraphs 1.2.1 to 1.2.13 of this Part 4 of this Schedule 8.

1.1.2 The Director gathers data on traffic volumes by means of the following 4 methods

- (i) rotating link census – a series of manual traffic counts undertaken in the spring and autumn of each year
- (ii) automatic traffic classifier system
- (iii) automatic traffic counters
- (iv) JAC+C system traffic counters.

Methods (ii) (iii) and (iv) shall be defined as fixed location traffic counting sites.

1.1.3 The Director's responsibility for traffic counting is undertaken under a contract with the Scottish Ministers by the Scottish Roads Traffic Database Manager.

The present Scottish Roads Traffic Database Manager commission is with Atkins whose staff are co-located with the Director's staff at Victoria Quay in Edinburgh.

The Director shall notify the Operating Company in writing the name of and any subsequent change of Scottish Roads Traffic Database Manager.

1.2 General Obligations

1.2.1 Annex 8.4/A to this Part 4 of this Schedule 8 includes the positions of all fixed location traffic counting sites within the Unit and a number of fixed location sites in the immediate vicinity of the Unit.

The Director shall from time to time issue to the Operating Company revised versions of Annex 8.4/A to this Part 4 of this Schedule 8.

1.2.2 Where any Site Operations or Works shall be proposed within or adjacent to locations containing fixed location traffic counting sites the Operating Company shall deem the Scottish Roads Traffic Database Manager to have the same status as an Undertaker within the terms of the NRSWA in respect of consultation co-ordination and liaison provisions and shall communicate with the Scottish Roads Traffic Database Manager and co-ordinate works under their control accordingly.

1.2.3 The Director shall appoint specialist Scottish Roads Traffic Database contractors to undertake routine maintenance and emergency repair of fixed location traffic counting equipment.

The names addresses and contact numbers of the specialist Scottish Roads Traffic Database contractors for the fixed location traffic counting sites are given in Annex 8.4/D to this Part 4 of this Schedule 8 or as otherwise notified in writing from time to time by Director.

The Operating Company shall deem these specialist Scottish Roads Traffic Database contractors to have the same status as Undertakers within the terms of the NRSWA for the purposes of undertaking works within a Trunk Road.

Specialist Scottish Roads Traffic Database contractors shall have authority equivalent to that set out under the NRSWA to execute Emergency Works without giving prior written notice to the Operating Company.

- 1.2.4 The Operating Company shall nominate in writing to the Director an individual member of staff as Traffic Counting Liaison Officer.

The Traffic Counting Liaison Officer shall be responsible for ensuring that all notifications required by this Part 4 of this Schedule 8 shall be made and that all fixed location traffic counting sites shall be continually monitored by the Operating Company

- (i) before
 - (ii) during and
 - (iii) after
- any
- (iv) Operations
 - (v) Works Contracts or
 - (vi) works undertaken by
 - (a) authorised contractors
 - (b) Undertakers and
 - (c) the like

in the vicinity of the site.

- 1.2.5 When

- (i) proposing to undertake Site Operations or Works Contract which will have a physical effect on any fixed location traffic counting site or
- (ii) where it becomes aware of authorised contractors, Undertakers and the like proposing to carry out works which shall have a physical effect on any fixed location traffic counting site

the Operating Company shall complete the form shown at Annex 8.4/B of this Part 4 of this Schedule 8 and submit it to the Scottish Roads Traffic Database Manager at least 15 days prior to the Site Operations or Works Contract or works commencing.

- 1.2.6 Where Operations or Works Contracts involve structural maintenance requiring a statement of intent and Value for Money Assessment in accordance with Part 2 of Schedule 4 then the statement of intent and Value for Money Assessment shall include reference to any Works or Site Operations required at the fixed location traffic counter site.

The statement of intent and Value for Money Assessment shall be copied to the relevant person nominated by the Director.

- 1.2.7 The Operating Company shall when executing Site Operations that shall affect a fixed location traffic counting site which shall be marked as “Contact 2” in Annex

8.4/A of this Part 4 of this Schedule 8 make arrangements for the traffic counting site to be replaced or renewed and if required by the Director shall execute the replacement or renewal as part of the Site Operations subject to an Order.

This means that where the Operations are or include surfacing Operations the Operating Company shall ensure that the traffic counting site is replaced and operational within 7 Working Days of the wearing course surface being laid at that location.

1.2.8 Where

(i) Works are to be undertaken under a Works Contract the Operating Company shall make it a contractual obligation of the Works Contractor for any fixed location traffic counting site which is marked as “Contact 2” in Annex 8.4/A of this Part 4 of this Schedule 8 to be replaced or renewed as part of the Works within the timescales set out in paragraph 1.2.7 above.

(ii) works are to be undertaken by

(a) authorised contractors

(b) Undertakers or

(c) the like

the Operating Company shall where they control the work in accordance with any of the provisions of this Contract the Operating Company shall ensure that for any fixed location traffic counting site which shall be marked as “Contact 2” in Annex 8.4/A of this Part 4 of this Schedule 8 to be replaced or renewed as part of the works or Works within the timescales referred to in paragraph 1.2.7 of this Part 4 of this Schedule 8.

In such circumstances the Director reserves the right to nominate a contractor to undertake the work to replace any fixed location traffic counting site.

1.2.9 Where a fixed location traffic counting site which shall be marked as “Contact 1” in Annex 8.4/A of this Part 4 of this Schedule 8 which shall or may be affected by Operations or works or Works the Operating Company shall contact the individual listed as Contact 1 in Annex 8.4/E of this Part 4 of this Schedule 8 and notify that person of the details of the Operations Works or works.

1.2.10 Certain road improvement Schemes require to be supported by before-and-after traffic counts.

Where the Operating Company shall be the Designer for such Schemes it shall propose to the Director the locations of any new traffic counting sites which may be required using the form shown at Annex 8.4/C to this Part 4 of this Schedule 8.

1.2.11 The Operating Company shall make itself aware of situations where fixed location traffic counting sites can be susceptible to damage by Site Operations and ensure that precautions shall be taken during such Operations.

One such situation shall be edge drainage Site Operations where the wiring from the loops to the cabinet can be damaged as part of the Operations.

Where the Operating Company

(i) causes damage to a fixed location traffic counting site or

(ii) suspects it has caused damage to a fixed location traffic counting site or

- (iii) becomes aware of any accidents or other incidents however arising which may have damaged or affected in some other way the operation of any of the fixed traffic counting sites

it shall notify the Scottish Roads Traffic Database Manager immediately and in any case within 24 hours by e-mail using the form shown at Annex 8.4/B to this Part 4 of this Schedule 8.

The Operating Company shall complete remedial repairs to any fixed location traffic counting sites damaged by them or by others within 7 working days of the damage occurring where that site is marked as “Contact 2” in Annex 8.4/A to this Part 4 of this Schedule 8.

- 1.2.12 The Operating Company shall submit to the Scottish Roads Traffic Database Manager by e-mail, by the 7th day of each month with a copy to the member of staff nominated by the Director a completed version of the form shown at Annex 8.4/B to this Part 4 of this Schedule 8 detailing

- (i) roadworks
- (ii) events or
- (iii) circumstances

which occurred at or in the vicinity of any of the fixed location traffic counting sites and which may have had a significant affect on the recorded traffic flows or traffic patterns during the previous month.

Should the Operating Company consider that there has been no significant affect on the recorded traffic flows or traffic patterns during the previous month then the form shall be returned to show a nil return.

- 1.2.13 The Operating Company shall liaise regularly with the Scottish Roads Traffic Database Manager and the specialist Scottish Roads Traffic Database contractors for the fixed location traffic counting sites and shall ensure that any work carried out including any traffic management arrangements and Lane closures shall be organised in such a way as to minimise delays to Trunk Road users.

SCOTTISH MINISTERS' REQUIREMENTS

SCHEDULE 8 PART 4

TRAFFIC COUNTING DUTIES

**ANNEX 8.4/B – Notification of Physical Events Likely to Effect Sites and Other Events
likely to have Effected Traffic Flows**

This page is blank

ANNEX 8.4/B

Notification of fixed location traffic counting site events	Sheet Ref		(to be continuous with previous sheets – eg 2006/12):
	Date:		(date when sheet submitted)
	Name:		(of individual responsible for sheet contents)
	Network Unit:		(NE / NW / SE / SW)

Scottish Roads Traffic Database Site Reference	Date (from)	(Date to)	Event Type	Event Details	Remedial Actions Carried Out or Required	Additional Notes
(A)	(B)	(C)	(D)	(E)	(F)	(G)

Column Notes:

- A - References must be those contained in the list of fixed location counting sites as in Annex 8.4A of this part 4 of this Schedule 8 - eg ATC01056
- B - If event took place on a single day then insert that date here, otherwise start of event
- C - If B does not reflect a single day then insert finish date here
- D - Type of event to be a digit from the set:
 - 1 Operations or Works
 - 2 Accident or incident
 - 3 Roadworks or other event affecting traffic flows
- E - To include all relevant details not covered elsewhere in the form - especially to include the effect of the event on the fixed location traffic counting site or its traffic flows including but not limited to any third party details

F - To include any Operations Works or works carried out to make situation safe and proposals for any necessary repairs or modifications to or at the fixed location traffic counting site

G - Use separate additional sheets if required, but make reference to them here

SCOTTISH MINISTERS' REQUIREMENTS

SCHEDULE 8 PART 4

TRAFFIC COUNTING DUTIES

ANNEX 8.4/C – Notification of Proposed New Traffic Counting Sites

This page is blank

ANNEX 8.4/C

Notification of Proposed New Traffic Counting Sites

Date: (date when sheet supplied)
 Name: (of individual responsible for sheet contents)
 Network (NE / NW / SE / SW)
 Unit:

Route (A)	Scheme Name (B)	Start Date (C)	End Date (D)	Approx Value (E)	Brief Description of Scheme (F)	Proposed Site Location (G)	Proposed Site Type (H)

General Notes

- 1 Use this form to record any proposals for the creation of new traffic counting sites.
- 2 Use one line for each proposed site

General Notes

- A eg A75
- B The name by which the Scheme is known within this Contract
- C Dates can be approximate
- D Dates can be approximate
- E eg whether resurfacing or road realignment etc - if appropriate, sketches may be supplied to make Scheme type clear
- F This can be either by description or by OSGR - if appropriate, sketches may be supplied
- G Whether volumetric or classifier - the latter is usually preferred, although road geometry does not always allow.
