

## Forth Crossing Bridge Constructors

HOCHTIEF Solutions  
American Bridge International  
DRAGADOS  
Morrison Construction

Dear Neighbour,

Further to our recently issued flyer ref F82 we write to inform you that we have changed the timing of the works described therein. Due to the effects of recent weather we have put the demolition works at Ferrytoll roundabout back one week. Revised date and activities noted below.

As previously intimated the work involves the demolition of the wingwalls of the Northmost underpass of Ferrytoll roundabout as part of the works phasing required to complete the transfer of traffic to the final road alignment.

The work will be performed outwith normal daytime working hours, during the night, and, whilst we will endeavour to minimise noise levels in the process and execute the noisiest works as early in the shift as possible, we are concerned that our neighbours will find the activities disturbing.

During the works we will temporarily close the north leg of the Ferrytoll roundabout. Signed diversions will be in place.

The descriptions, dates, times and details of plant for the night shift are as follows:-

- Saturday 5<sup>th</sup> December 2015 10pm through to Sunday 6<sup>th</sup> December 2015 6am. Plant will include a road brush, tracked excavators, hydraulic hammers, lorries and wheeled excavators.

We would like to take this opportunity to apologise for any inconvenience our activities may cause and also to thank you for your patience and consideration to date.

**The times indicated can be influenced by many factors and may change without warning near or during the time of execution. Also, the overall duration of each element may require to be extended in duration to achieve completion should unforeseen circumstances be encountered.**

For up to date information on the project please see Transport Scotland's FRC project website [www.forthreplacementcrossing.info](http://www.forthreplacementcrossing.info). Should you have any queries, please contact our email [enquiries@forthreplacementcrossing.info](mailto:enquiries@forthreplacementcrossing.info) or our Hotline on 0800 078 6910.

**In addition, our Contact and Education Centre (CEC), located adjacent to the Forth Road Bridge offices on the south side of the existing Forth Road Bridge, is manned 09:00hrs to 17:00hrs Monday to Thursday, 09:00hrs to 16:00hrs on Fridays and 10:00hrs to 16:00hrs on Saturdays through to Saturday 12<sup>th</sup> December**

PTO

**2015, and re-opening on Saturday 30<sup>th</sup> January 2016, to deal with enquiries and to supply information. Additionally, access to the Exhibition room in the building is available at certain times.**

**For confirmation of all CEC opening times please check the project website.**

Issued to –Neighbours adjacent to the works in Inverkeithing and local community councils.

Issue date – 23<sup>rd</sup> November 2015
