

APPENDIX 11.3

ARCHAEOLOGICAL EFFECTS SUMMARY TABLE

#	Name	Description	Significance of resource	Potential impacts of scheme	Significance of unmitigated impact	Mitigation	Significance of residual impact	Comments
1	Crianlarich, Railway Shed	Railway building	Local importance	No physical impact predicted	No effect	None required	No effect	
2	Crianlarich, Railway Shed	Railway building	Local importance	No physical impact predicted	No effect	None required	No effect	
3	Crianlarich, House	House	Local importance	No physical impact predicted	No effect	None required	No effect	
4	Crianlarich, Rail Bridge	Bridge	Local importance	No physical impact predicted	No effect	None required	No effect	
5	Crianlarich, Prefabricated House	House	Local importance	No physical impact predicted	No effect	None required	No effect	
6	Crianlarich, House	House	Local importance	No physical impact predicted	No effect	None required	No effect	
7	Crianlarich War Memorial	Memorial	Local importance	No physical impact predicted, no impact on setting predicted.	No effect	None required	No effect	Category C(S) Listed Building
8	Crianlarich, Glenbruar Viaduct	Bridge	Local importance	No physical impact predicted	No effect	None required	No effect	
9	Crianlarich, Prefabricated Building	House	Local importance	No physical impact predicted	No effect	None required	No effect	
10	Crianlarich, Terraced Railway Cottages	Houses	Local importance	No physical impact predicted	No effect	None required	No effect	
11	Crianlarich, Rail Bridge	Bridge	Local importance	No physical impact predicted	No effect	None required	No effect	

#	Name	Description	Significance of resource	Potential impacts of scheme	Significance of unmitigated impact	Mitigation	Significance of residual impact	Comments
12	Crianlarich, Church	Church	Regional importance	No physical impact predicted, no impact on setting predicted.	No effect	None required	No effect	Category B Listed Building
13	Crianlarich, House	House	Local importance	No physical impact predicted	No effect	None required	No effect	
14	Crianlarich, House	House	Local importance	No physical impact predicted	No effect	None required	No effect	
15	Crianlarich, Levees and Drainage System	Levees and drainage features	Local importance	No physical impact predicted	No effect	None required	No effect	
16	Crianlarich, Rail Bridge	Bridge	Local importance	No physical impact predicted	No effect	None required	No effect	
17	Crianlarich, Bridge and Rail Crossing	Bridge and associated rail crossing	Local importance	No physical impact predicted	No effect	None required	No effect	
18	Crianlarich, Rail Crossing	Rail crossing	Local importance	No physical impact predicted	No effect	None required	No effect	
19	Crianlarich, Cottage	House	Local importance	No physical impact predicted	No effect	None required	No effect	
20	Crianlarich, Dyke and Track	Trackway	Local importance	No physical impact predicted	No effect	None required	No effect	
21	Crianlarich, Trackway	Trackway	Local importance	No physical impact predicted	No effect	None required	No effect	
22	Crianlarich, Bridge	Bridge	Local importance	No physical impact predicted	No effect	None required	No effect	
23	Tarbert - Crianlarich Military Road	Military road	Regional importance	No physical impact predicted	No effect	None required	No effect	

#	Name	Description	Significance of resource	Potential impacts of scheme	Significance of unmitigated impact	Mitigation	Significance of residual impact	Comments
24	Crianlarich, Fortification	Military fortification	Local importance	No physical impact predicted	No effect	None required	No effect	
25	Crianlarich, Platform	Platform structure	Local importance	No physical impact predicted	No effect	None required	No effect	
26	Crianlarich, Rail Sidings and Freight Yard	Freight Yard	Local importance	No physical impact predicted	No effect	None required	No effect	
27	Crianlarich, Hotel	Hotel	Local importance	No physical impact predicted	No effect	None required	No effect	
28	Crianlarich, Dismantled Bridge and Trackway	Bridge and trackway	Local importance	No physical impact predicted	No effect	None required	No effect	
29	Crianlarich, Quarry Activity	Quarrying	Local importance	No physical impact predicted	No effect	None required	No effect	
30	Stirling - Tyndrum - Fort William Military Road	Military road	Regional importance	No physical impact predicted	No effect	None required	No effect	
31	Crianlarich, Creag A' Bheannain, Bridge	Bridge (military)	Local importance	No physical impact predicted	No effect	None required	No effect	
32	Luibmore cup-marked stone	Prehistoric cup-markings	Regional importance	No physical impact predicted	No effect	None required	No effect	
33	Luibmore Township	Abandoned township	Local importance	No physical impact predicted	No effect	None required	No effect	
34	Duinish 2	Prehistoric cup-markings	Regional importance	No physical impact predicted	No effect	None required	No effect	
35	Fillan Viaduct	Bridge	Local importance	No physical impact predicted	No effect	None required	No effect	

#	Name	Description	Significance of resource	Potential impacts of scheme	Significance of unmitigated impact	Mitigation	Significance of residual impact	Comments
36	Inverardran	Water meadow	Local importance	No physical impact predicted	No effect	None required	No effect	
37	Duinish Township	Abandoned township	Local importance	No physical impact predicted	No effect	None required	No effect	
38	Duinish 1	Prehistoric cup-markings	Regional importance	No physical impact predicted	No effect	None required	No effect	
39	Crianlarich, Stone Axe	Innacurate findspot of a prehistoric axe	Local importance	No physical impact predicted	No effect	None required	No effect	
40	Crianlarich, Crianlarich Upper Station	Railway Station	Local importance	No physical impact predicted	No effect	None required	No effect	
41	Crianlarich, Crianlaich Station, Engine Shed	Engine shed	Local importance	No physical impact predicted, potential impact on setting predicted.	No effect	Visual impact of scheme reduced by landscaping etc	No effect	Category C(S) Listed Building
42	Creag an Taghain	Farmstead	Local importance	No physical impact predicted	No effect	None required	No effect	
43	Loch Dochart Castle	Mediaeval Castle	National importance	No physical impact predicted, no impact on setting predicted.	No effect	None required	No effect	Scheduled Ancient Monument
44	Crianlarich, Bunker	Cold War monitoring post	Local importance	Construction of the bypass would result in the destruction of the site.	Moderate Adverse Effect	Recorded prior to and during destruction.	Minor Adverse Effect	
45	Crianlarich, Scarping	Scarping and earthworking (probably modern)	Local importance	No physical impact predicted	No effect	None required	No effect	

#	Name	Description	Significance of resource	Potential impacts of scheme	Significance of unmitigated impact	Mitigation	Significance of residual impact	Comments
46	Crianlarich, West Highland Way	Footpath (modern stretch)	Local	Construction of the bypass would sever a modern part of the path	No effect	None required	No effect	
47	Short remains of old field bank	Construction of the bypass would result in the destruction of the site.	Local	Construction of the bypass would result in the destruction of the site.	High	Recorded prior to and during destruction.	Minor Adverse Effect	
48	Rectangular building/ enclosure	Construction of the bypass would result in the destruction of the site.	Local	Construction of the bypass would result in the destruction of the site.	High	Excavated prior to destruction.	Minor Adverse Effect	
49	Levelled area at side of knoll	Construction of the bypass would result in the destruction of the site.	Local	Construction of the bypass would result in the destruction of the site.	High	Excavated prior to destruction.	Minor Adverse Effect	
50	Possible World War 2 lookout post	None	Local	Construction of the bypass would result in the destruction of the site.	Negligible	Recorded prior to and during destruction.	Minor Adverse Effect	
51	Accumulation of unusually shaped stones	None	Local	No physical impact predicted	Negligible	None required	No effect	

#	Name	Description	Significance of resource	Potential impacts of scheme	Significance of unmitigated impact	Mitigation	Significance of residual impact	Comments
52	Remains of old field bank	None	Local	No physical impact predicted	Negligible	None required. However, the site is close to the west edge of the cutting and would be recorded to a suitable standard if threatened by the development.	No effect	
53	Remains of well defined complex of old banks	None	Local	No physical impact predicted	Negligible	None required. However, the site is close to the west edge of the cutting and would be recorded to a suitable standard if threatened by the development.	No effect
