Monday 6th February 2012!

Dear Sirs

I'm writing to you to appeal to you
not to stop the through train service
from London to Aberdeen.

I use this service both for business
and to visit family in Scotland. Withdrawal of the
service would be very detrimental to both.

Being forced to change at Edinburgh in
order to travel North would delay the journey
and make it more difficult.

Please do not stop the through service
to Aberdeen. Thank you.
