Dear Sirs

we represent people with a specific inflammatory arthritis, in Scotland, and wish to be included in this consultation re transport and rail here, Myself, I am unable to stand for more than a few minutes, due to very painful incapacitating arthritis, as with hundreds of others. I HAVE sticks.

I often get a 1st class ticket on the shuttle from Waverley to Queen St, as otherwise, a seat can be hard to find.

People will not giv\_up seats.

This is a disability issue, and must be considered, I cannot stand! You must cater for this.

Many have mobility and associated problems, and this is not age related!

regards

JJohnson
