Sheila Kelly

Dear Sirs

SAVE OUR STATIONS

I am totally against possible closure of Gilschockhill station.
I am a pensioner and use this line daily, as do my family who live in the Anniesland area. I regularly travel to/from Anniesland. My grandson takes the train to school (Kelvedon Sec. School) from Anniesland to Kelvedale, and when he stops overnight with me, again he takes the train from Gilschockhill to Kelvedale in the morning.

I love the comfort and security of the train, plus the punctuality means I don't have to wait outdoors in bad weather for buses, and that's a big plus for me.

I would be devastated if this line faced closure.

However, since the leaflet drop from councillor Alex Dengwall, I have received a leaflet from Bob Davis MSP, categorically stating there is no plan to close any station, in fact Mr Davis is asking for support to campaign for Sunday trains.

I don't know who is responsible for media's scaremongering, either way I support my local station, Gilschockhill and hope to travel on this line for many years to come, God willing. GILSHOCKHILL STATION MUST REMAIN OPEN FOR BUSINESS.
