

Ken and Jill Martin

My wife and I will be very upset if the Kelvindale Station is closed. It allows myself and my wife to access public transport.

I am disabled and have limited mobility. I can manage to get to the train at Kelvindale because it has access for people with disabilities. Anniesland does not and therefore I would not be able to travel by train. I find buses very difficult and the train allows me to get in to town and also enables me to access other trains at Queen Street Station.

We use this service a lot and would really miss it.

Please listen to this and reconsider closing Kelvindale.
