

Judicious support for

INVERNESS - KYLE & LOCHALSH Line

- lifeline East coast West coast & North of Scotland
 - strategic value when main roads closed / blocked
e.g. Strath Carron - Kyle - road closed 8 Dec 2011 - mid Feb 12
 - tourist potential
 - day trip coast to coast easily accomplished
 - weekend multi activity : hill walking rock climbing coastal activities
- Inness Friday 175k Kyle Sunday 1522 & trains south from Inverness
EXCELLENT TAKE UP & AMBIENCE 28 January 12
i.e. ALL SEASONS
- spectacular scenery range : —
 - sea lochs herons llamas, waterfalls
 - snowy moors & mountains - red deer
 - arable farms & woods - red kites
 - tourist potential grossly underdeveloped by ScotRail
can only get better : tourism a primary economic concern
