## **CONSULTATION QUESTIONS**

**Question 1: do you agree with the proposal to extend the pre-registration notice period from 14 days to 28 days ?**

Yes  No

Comments

**Question 2: Do you agree with the proposal to replace the duty to inform the relevant authorities before making an application for registration with a duty to consult with the relevant authorities?**

Yes  No

Only consultation needs to take place when a subsidised service is involved. Commercial routes should require minimum local authority consultation

**Question 3: Do you agree that relevant authorities should be encouraged through guidance to draw potential concerns about new registrations to the attention of the traffic Commissioner for Scotland and/or Transport Scotland?**

Yes  No

Only if consultation with the operator has proved unsuccessful.

**Question 4a: Do you agree with the proposal to reduce the period of registration from 56 days to 42 days? What difficulties (if any) do you consider such a change might present and how might these be addressed?**

Yes  No

Comments

**Question 4b: An alternative option would be to reduce the registration period from 56 days to 42 days only where Electronic Bus Service Registration (EBSR) is used. Do you agree with this?**

Yes  No

Comments

**Question 5: Do you agree that we should require operators to detail within registered hourly frequency bands any services that are registered as frequent services?**

Yes  No

Comments

**Question 6: Do you agree that if the proposed changes set out above are adopted, they will improve the bus registration process in Scotland ?**

Yes  No

Only with the proposals we agreed to.

**Question 7: It is possible that much of what is proposed above could be achieved through Guidance and/or a Code of Conduct to facilitate engagement between operators and relevant authorities rather than changes to the legislation. Do you have any views on this?**

Yes  No

Consultation is more productive than changes to legislation.
