CONSULTATION QUESTIONS

Question 1: do you agree with the proposal to extend the pre-registration notice period from 14 days to 28 days ?

Yes No

Comments

Question 2: Do you agree with the proposal to replace the duty to inform the relevant authorities before making an application for registration with a duty to consult with the relevant authorities?

Yes No

Comments

Question 3: Do you agree that relevant authorities should be encouraged through guidance to draw potential concerns about new registrations to the attention of the traffic Commissioner for Scotland and/or Transport Scotland?

Yes No

Comments

Question 4a: Do you agree with the proposal to reduce the period of registration from 56 days to 42 days? What difficulties (if any) do you consider such a change might present and how might these be addressed?

Yes No

I don't see any problems. The overall time taken for the process will remain at 70 days.

Question 4b: An alternative option would be to reduce the registration period from 56 days to 42 days only where Electronic Bus Service Registration (EBSR) is used. Do you agree with this?

Yes No

The method used, whether it be electronic or otherwise, should not affect the length of the registration period.

Question 5: Do you agree that we should require operators to detail within registered hourly frequency bands any services that are registered as frequent services?

Yes No

Comments

Question 6: Do you agree that if the proposed changes set out above are adopted, they will improve the bus registration process in Scotland ?

Yes No

Comments

Question 7: It is possible that much of what is proposed above could be achieved through Guidance and/or a Code of Conduct to facilitate engagement between operators and relevant authorities rather than changes to the legislation. Do you have any views on this?

Yes No

Some "rogue" operators will ignore a code of conduct. The only way to make them comply is through a change in legislation.
