Dear Neighbour,

We are writing to provide you with notice of planned works on the Forth Replacement Crossing (FRC).

FCBC, the Principal Contractor working on the FRC on behalf of Transport Scotland will be carrying out further roadworks in the vicinity of the east end of Scotstoun Park, South Queensferry.

We plan to build the new Arup access over the weekend Friday 8th to Monday 11th May 2015.

To facilitate these works we will deploy Temporary Traffic Lights (TTLs) from the Friday evening at 8pm through to the Monday early afternoon on the B800. Pedestrian access will be maintained throughout.

The work scope is to remove existing road and kerbs at Arup's access, excavate, place and compact infill and road sub base, install gullies, re-kerb, surface and apply white lines.

The plant we will use will include excavators, site lorries, dumpers, vibrating rollers, compressors, jackhammers, vibrating concrete pokers, road paver, white lining equipment, site vans and temporary traffic lights.

Throughout the programme of works we will seek to minimise noise levels by use of best practice methodology including confining our night time activities to excavation and infill only with the other operations to be conducted throughout Saturday and Sunday daytime.

The above dates are our estimate, at this stage, of start dates and durations. These works are subject to various factors and the programme may require to be adjusted.

We would like to take this opportunity to apologise, in advance, for any inconvenience our activities may cause and also to thank you for your patience and consideration to date. The works as described above are an essential part of the overall Forth Replacement Crossing project, which is necessary due to concerns over the long term viability of the existing road bridge. The new crossing will maintain a vital link in the east of Scotland road network which is key to the wider Scottish economy.

For up to date information on the project please see Transport Scotland's FRC project website www.forthreplacementcrossing.info.

Should you have any queries, please contact our email enquiries@forthreplacementcrossing.info or our Hotline on 0800 078 6910.

In addition, our Contact and Education Centre, located adjacent to the Forth Road Bridge offices on the south side of the existing Forth Road Bridge, is manned 09:00hrs to 17:00hrs Monday to Thursday, 09:00hrs to 16:00hrs on Fridays and 10:00hrs to 16:00hrs on Saturdays to deal with enquiries and to supply information. Additionally, access to the Exhibition room in the building is available between 10am and 4pm each Saturday through to the end of October 2015 and there are also technical presentations on the last Friday of every month in the same period, all as advertised on the Project Website.

Issued to – Residents in South Queensferry adjacent to the works and Queensferry Community Council.

Issue date – Monday 27th April 2015
