Dear Neighbour,

NEW QUEENSFERRY JUNCTION - A904 EASTERN TIE- IN WORKS

Further to our recently issued Flyer Ref F46, we write to inform you that, on the evening of Monday 11th November 2013 we will be carrying out white lining works at the east end of the A904 between Echline Corner and Echline Cottages.

The work will commence at 8pm and is planned to be completed by 10pm. Should we encounter difficulties such as adverse weather we will continue beyond 10pm until the lining exercise is completed or we will postpone the work with a view to completing on an evening soon thereafter. The existing lines will be blacked out with suitable paint and the road status will remain unchanged after the new white lines are applied.

The plant involved will include hot air lances in the event that the road needs to be dried off, a white lining wagon and site vans.

We would like to take this opportunity to apologise for any inconvenience our activities may cause and also to thank you for your patience and consideration to date.

The works as described above are an essential part of the overall Forth Replacement Crossing project, which is necessary due to concerns over the long term viability of the existing road bridge. The new crossing will maintain a vital link in the east of Scotland road network which is key to the wider Scottish economy.

For up to date information on the project please see Transport Scotland's FRC project website www.forthreplacementcrossing.info.

Should you have any queries, please contact our email enquiries@forthreplacementcrossing.info or our Hotline on 0800 078 6910.

In addition, our Contact and Education Centre, located adjacent to the Forth Road Bridge offices on the south side of the existing Forth Road Bridge is manned 09:00hrs to 17:00hrs, Monday toThursdays, 09:00hrs to 16:00hrs on Fridays and 10:00hrs to 16:00hrs on Saturdays to deal with enquiries and to supply information.

Issued to – Residents in the vicinity of the works described at Echline, QDCC and BRIGS.

Issue date – Friday 1st November 2013
