Dear Neighbour,

### **SCOTSTOUN JUNCTION – INITIAL INTELLIGENT TRANSPORT SYSTEM GANTRIES**

We are writing to provide you with notice of planned works associated with the Forth Replacement Crossing (FRC).

FCBC, the Principal Contractor working on the FRC on behalf of Transport Scotland will soon be carrying out works for sign gantries associated with the proposed new Intelligent Transport System. The works, on verges and central reserves on the M9 and A90, are at four different gantry locations as detailed on the sketch overleaf. The works will include trial holes, protection of services, installation of hard standings and piling platforms, rotary bored piling, concrete works, the erection of five steel gantries, communications cabling and commissioning.

The works are programmed to commence on 3<sup>rd</sup> February 2014 and shall continue through to midsummer 2014. Should we encounter unforeseen circumstances the time allotted in the programme may require to be extended beyond these dates.

The works will require temporary lane closures on the affected carriageways in each location at various times and for that reason the work will be carried out on continuous nightshift, between 20.00hours and 06.00hours, when traffic flows are lower than during the day. The plant involved at various stages throughout the process will include excavators, lorries, concrete wagons, vibrating rollers, rotary piling rigs, cranes, works vans, compressors and hand tools.

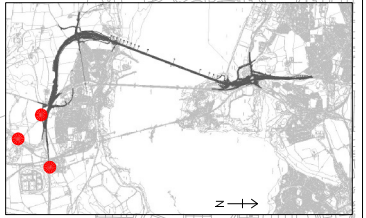

We would like to take this opportunity to apologise for any inconvenience our activities may cause and also to thank you for your patience and consideration to date.

**For up to date information on the project please see Transport Scotland's FRC project website [www.forthreplacementcrossing.info](http://www.forthreplacementcrossing.info). Should you have any queries, please contact our email [enquiries@forthreplacementcrossing.info](mailto:enquiries@forthreplacementcrossing.info) or our Hotline on 0800 078 6910. In addition, our Contact and Education Centre, located adjacent to the Forth Road Bridge offices on the south side of the existing Forth Road Bridge is manned 09:00hrs to 17:00hrs, Monday to Thursdays, 09:00hrs to 16:00hrs on Fridays and 10:00hrs to 16:00hrs on Saturdays to deal with enquiries and to supply information.**

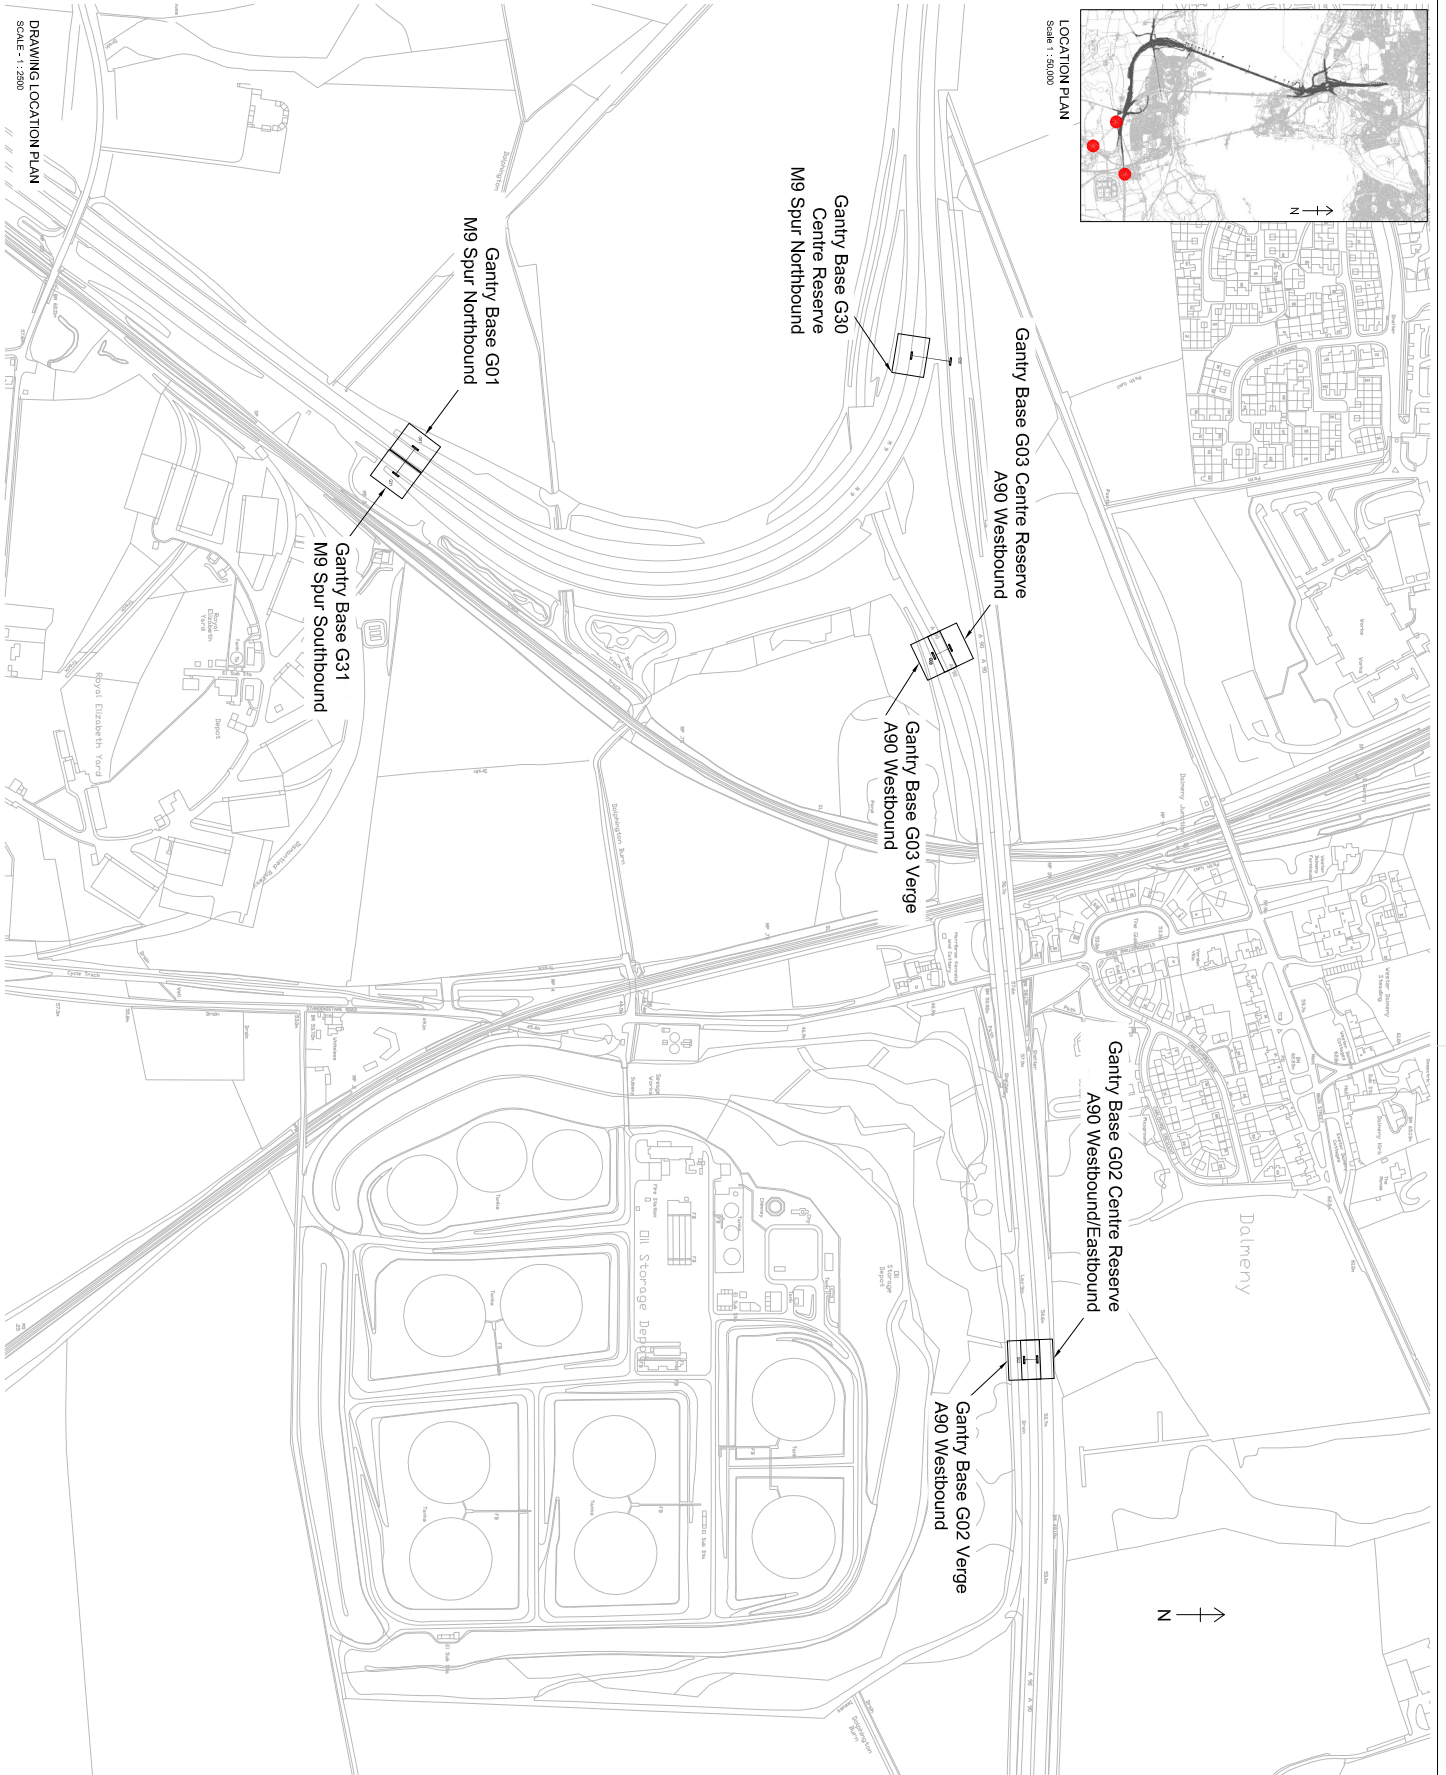

Issued to – Residents in the vicinity of the works described in South Queensferry, Dalmeny, QDCC and BRIGS.

Issue date – Monday 27th January 2014
