Scheme.

Date: 24 October 2016

Dear [NAME],

A90 & A96 TRUNK ROADS HAUDAGAIN IMPROVEMENT SCHEME

I write to notify you that having considered the reasons put forward for the proposed A90 & A96 Trunk Road (Haudagain Improvement) Scheme, along with objections and representations made in respect of the published draft Orders and the responses of the Promoter in that regard, the Scottish Ministers' decided that the holding of a Public Local Inquiry was not necessary and that the Orders should be made, subject to a minor modification of the draft Compulsory Purchase Order and draft Side Roads Order as a result of negotiations between the Promoter, landowner in question and Aberdeen City Council.

Further information is available on the Transport Scotland website

Yours sincerely

Graham Porteous
