 - Tomb Clavers
 - Claverhouse's Stone
 - Soldier's Leap
 - Trooper's Den
 - Potential archaeological remains associated with the battle identified during geophysical surveys in 2016
 - Archaeological remains associated with the battle recorded and recovered during metal detecting surveys in 2003 and 2015
 - Approximate Jacobite position at the start of the battle
 - Approximate Government position at the start of the battle

Terracing that shielded the Jacobite right wing

View of the southern slope of Creag Eallaich that gave momentum to the Jacobite charge and the slight terraces that shielded it from Government musket fire.

The location of the Government left wing looking south-east towards the Pass of Killiecrankie
