

Information Note

Project Title:	LATIS Model Development
MVA Project Number:	C3713608
Subject:	TMfS:07 – Do Minimum Transport Scheme Specification
Note Number:	1 Version: 1
Author(s):	Andrew Weir
Reviewer(s):	Stephen Cragg (Transport Scotland), Kevin Lumsden (MVA), Chris Robinson (MVA)
Date:	12 January 2010

1 Specification of the Do Minimum networks

- 1.1 This Information Note contains a list of transport infrastructure schemes which are included in the current Transport Model for Scotland (TMfS:07) Do Minimum networks. These networks have been created for the forecast years: 2012, 2017, 2022, 2027 and 2032 and have been built upon the 2007 Base Year model.
- 1.2 Road schemes, with the year of inclusion in the model, are listed in Table 1.1, while PT schemes are presented in Table 1.2.

Table 1.1 Road schemes included

Road Scheme	Year of inclusion
A68 Dalkeith Northern Bypass	2012
M8 Completion	2012
M9 Spur	2012
M74 Completion	2012
M80 Upgrade	2012
A82 Strathleven	2012
A90 Balmeddie to Tipperty dualling	2012
Pollock Silverburn	2012
AWPR	2012

Road Scheme	Year of inclusion
Upper Forth Crossing	2012
M8 Heartlands	2012
A96 Fochabers bypass	2012
A830 Arisaig to Loch nan Uamh	2012
Glasgow East End Regeneration Route (GEER)	2017
Forth Replacement Crossing (STPR Intervention 14)	2017

Table 1.2 Public transport schemes

Public transport scheme	Year of inclusion
Airdrie - Bathgate Rail Link	2012
Stirling - Alloa Rail Link	2012
Borders Rail Link	2012
Laurencekirk Station	2012
Gogar Interchange Station for Edinburgh Airport (STPR 15)	2012
Edinburgh Trams Phase 1a	2012
Glasgow to Dunblane – Increased Capacity	2012
Aberdeen to Inverness – Increased Capacity	2012
Glasgow to Kilmarnock service improvements	2012
Edinburgh to Aberdeen - express services	2012
Edinburgh to Dundee - stopping services	2012
Edinburgh to Perth - hourly service	2012
Fife Circle services extended to Newcraighall	2012
Ayrshire and Inverclyde lines – Capacity Improvements	2012

Public transport scheme	Year of inclusion
Shotts line hourly semi-fast services (STPR 15)	2012
Aberdeen to Inverness rail improvements package, including Dalcross Station and P&R site (STPR 19)	2017
Perth to Inverness rail improvements package (STPR 17)	2017
Edinburgh to Glasgow Improvements Programme (EGIP) (STPR 15)	2017
Carstairs line service improvements	2017
Glasgow to Paisley service improvements	2017

1.3 The specification of Do Minimum networks is identical for 2017, 2022, 2027 and 2032.

2 Further Information
