

Calendar of proposed future dates

Not all taskforce members are based in Scotland, so meetings will be on Microsoft Teams.

If Thursday mornings are unsuitable, then alternative dates and times will be explored at the initial meeting.

While the proposed calendar holds are 2.5 hours, the actual meeting may be less, depending on the agenda and content. The final Teams meeting invite and link will only be for the time required by that meeting's content.

Please hold these in your diary.
