

A96 Dualling – Inverness to Nairn (including Nairn Bypass) Public Drop-in Sessions

Transport Scotland has been progressing the design and development of the Inverness to Nairn (including Nairn Bypass) scheme taking into account vital feedback received following the preferred option exhibitions held in October 2014.

As part of the ongoing community engagement, a series of public drop-in sessions are being held at the beginning of February in Culloden and Nairn. This is to give the public an opportunity to find out about and comment on a number of proposed changes to the preferred option for the scheme following feedback received as part of our ongoing consultation process. It will also allow the public to see our developing non-motorised user proposals.

Representatives from Transport Scotland's A96 Dualling team and their design consultants, including the scheme's stakeholder coordinator, will be available to answer questions on the design and assessment work being carried out on the preferred option as Transport Scotland looks to publish draft orders for the scheme later in 2016.

Details of the public drop-in sessions are as follows:

Wednesday 3 February 2016, 12 noon - 7pm

The Barn Church, Culloden House Avenue, Culloden, Inverness, IV2 7AB

Thursday 4 and Friday 5 February 2016, 12 noon - 7pm

Nairn Community and Arts Centre, King Street, Nairn, IV12 4BQ

Details of the A96 Dualling Inverness to Nairn (including Nairn Bypass) scheme can be found at: <http://www.transportscotland.gov.uk/project/a96-inverness-nairn-including-nairn-bypass>
