

DRAGADOS | AMERICAN BRIDGE INTERNATIONAL
HOCHTIEF | MORRISON CONSTRUCTION

Dear Neighbour,

We are writing to provide you with an update of planned overnight works on the Forth Replacement Crossing (FRC), on the A90 between Admiralty and Ferrytoll.

The works will involve the installation of gantries and will be carried out on the nights of Saturday 12th November and Sunday 13th November 2016.

The works will commence each night at 21:00hrs and finish at 05:00hrs the following morning.

The plant involved will be cranes, mobile elevated work platforms (cherry pickers), site vans, lorries, generators, temporary lighting, and hand tools.

During the nightshift works, the A90 will be closed between Admiralty and Ferrytoll and temporary diversion signage will be in place for both northbound and southbound traffic.

To take full advantage of the A90 closures we are planning to install cabling in the carriageway at the same time. This will involve some work with road saws which we will restrict to the early part of the nightshifts.

We would like to take this opportunity to apologise, in advance, for any inconvenience our activities may cause and also to thank you for your patience and consideration to date.

The times indicated can be influenced by many factors and may change without warning near or during the time of execution. Also, the overall duration of each element may require to be extended to achieve completion should unforeseen circumstances be encountered.

For up to date information on the project please see Transport Scotland's FRC project website www.forthreplacementcrossing.info. Should you have any queries, please contact our email enquiries@forthreplacementcrossing.info or our Hotline on 0800 078 6910.

In addition, our Contact and Education Centre, located adjacent to the Forth Road Bridge offices on the south side of the existing Forth Road Bridge, is manned 09:00hrs to 17:00hrs Monday to Thursday, 09:00hrs to 16:00hrs on Fridays and 10:00hrs to 16:00hrs on Saturdays (through to December 2016) to deal with enquiries and to supply information. Additionally, access to the Exhibition room in the building is available at certain times. For confirmation of all opening times please check the project website.

Issued to - Neighbours in the vicinity of the works described above.

Issue date – 8th November 2016
